

Let's Go Shopping!

Buying groceries is something we all need to do. But if you're not careful, the cost can really add up. Fill out the worksheet below with how much you think each item costs, and then take the list with you the next time you go to the grocery store to find the real prices. Then, figure out the difference!

Item	My Guess	Store Price	Difference
Jar of peanut butter			
Can of vegetable soup			
Loaf of bread			
One cucumber			
Frozen french fries			
Box of your favourite cereal			
Bag of apples			
Now, pick a few of your own favourite items!
